

Walk in Newness of Life

words and music ©2006 Jane Best

CHORUS:

We should walk,
walk in newness of life.

We should walk,
with each other.

Oh! We should walk,
walk in newness of life
as children of our Father.

1. Christ was raised,
raised up from the dead,
and we live,
live in him.
Oh! Christ was raised,
raised up from the dead
by the glory of our Father.

2. We've been freed,
freed from sin and death,
made alive through Christ Jesus.
Oh! We've been freed,
freed from sin and death,
to serve our God with joy.

Bishop Ronald Ferris's motto for the Anglican Diocese of Algoma in 2006

"We also should walk in newness of life." Ro 6:4

This song was chosen as one of the winning entries in a competition for a capella hymns for congregations, so I was invited to attend "the Ascending Voice" a wonderful conference on unaccompanied worship held at Pepperdine University.
